The small son in a family of the Christian Science faith had a dog that was injured in a scrap with a bigger dog. He took the little brute to a veterinary surgeon to have him patched up. The doctor, knowing the religion of the family, asked the lad why he

didn't take the dog to one of their practitioners. "That's what I was told to do," the boy replied, "and they could cure him all right, but I'm afraid they'd take all the fight out o' muh dog."

New flare effects in coatwork make the old-style, narrow coat look very passe; and undoubtedly, the new coat with its swaggering smartness, has a

sets of light leather outlining a tiny pointed tip of black patent kid. The heel and back of a pump of one color and the vamp of black kid with a piping of the color around the top and, oh, all and every combinations that human ingenuity can cobble.

Verily with such a wide scope of oddness to choose from it does seem queer now doesn't it that some women are forced to wear just one carrying at a time to attract attention.

Just why yellow has always been under a sort of stigma as designating the rotten streak in humanity typifying jealousy and reminiscent only of biliousness or jaundice is hard to account for now that it has been welcomed into the arms of fashion as one of the most charming tints of the season.

Sunshine, beat on gold and fields of ripened wheat are only a few of the lovely things it now reminds us of.

Exquisite are the yellow crepe de chine negligees, the pussy willow taffeta and crepe lingerie in maize tints. Beautiful the gowns of shimmering yellow satin and the hats and parasols, blouses, stockings, slippers and gloves, all in the color of liquid sunshine. It truly is up to all those who have an eye for the beautiful and artistic to forget its jaundiced past and with a welcoming smile say "Hello, yellow."

A St. Joseph, Mo., paper has a few lines on Kansas legislation and woman's triumph. It says: "They vainly tried to legislate 'against powder and patella. Woman parted with the rib; she is now the whole umbrella."

WHEN HEADACHY TAKE CASCARETS FOR THE BOWELS

Tonight! Clean Your Bowels and End Headaches, Colds, Sour Stomach.

Get a 10-cent box now. You're bilious! You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off. And what you need is a cleaning up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and bowels are cured by morning with gentle, thorough Cascarets; they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet, and your head clear for months. Children love to take Cascarets, because they taste good and never gripe or sicken.—Adv.
